

ED-UV60FRW-PC

Product Data Sheet

PRODUCT DESCRIPTION

- Excellent scratch resistance
- Chemical and household cleaner resistant
- Embossable
- Consistent antiglare surface
- Fire-retardant / UL certified
- 250µ Polycarbonate base film

Structure

Optical and Physical PROPERTIES

Property	Test method	U/M	
Haze	ASTM D1003	%	55 - 65
Transmittance	ASTM D1003	%	≥ 88
60° Gloss	ASTM D523	%	≥ 12
Clarity	BYK Gardner	%	≥ 10
Pencil hardness	ASTM D3363	-	B - HB
Adhesion	ASTM D3359	-	PASS
UV%T	UV-Vis	%	≤ 20
Color b*	BYK Color Guide	-	≤ 2.5
Chemical resistance	MEK	-	PASS

ElastoDur Film PC60FRW is a hard coated polycarbonate film, consisting of a base film and a chemically bonded UV-cured hard surface coating. It is available in sheets, rolls, and masking film can be laminated on both sides. Other base film thicknesses are available upon request.
